COUNTRY CRM MANAGER

Version 1.1.0

Comprehensive Country Data Report

Generated on: 2026-01-03 15:03

Created by:

Burak

Duarte

1. Executive Summary

This document serves as a comprehensive report generated by the Country CRM Manager. It currently maintains a database of 252 countries from around the world.

The data presented includes international standards such as ISO codes, financial information (currencies), communication details (phone prefixes), and cultural data (spoken languages).

This report is generated automatically based on the latest available data in the system registry.

2. Country Registry

ISO	ISO3	Country	Currency	Phone	TLD	Languages
